

## Governance structure

Aprodev is governed by a Board of Directors which meets once a year. This Board is composed of the Directors or Deputy Directors of the associated organisations. The World Council of Churches (WCC) and the Lutheran World Federation (LWF) are observers at the Annual Meetings. An Executive Committee, composed of four members of the Board, with the WCC as an observer, governs the daily activities of Aprodev, carried out by the secretariat which is composed of 6 staff members.

The Policy and Advocacy Group, which is composed of senior policy staff members of the associated organisations, advises Aprodev on the formulation and implementation of the work programme. Reference Groups on Gender, Palestinian and Israeli Issues, and Central and Eastern Europe, advise Aprodev on issues related to their area of work.

## Publications

Together with the Roman Catholic sister organisations CIDSE and Caritas-Europa, Aprodev publishes a bi-weekly Newsletter on issues related to European Union development and humanitarian aid policies. Other Aprodev publications can be accessed through its website.

Aprodev is one of the founding members of Euforic, Europe's Forum on International Cooperation, [www.euforic.org](http://www.euforic.org).
