CHILD RIGHTS INFO

Remember to change your bookmarks and links to www.crin.org

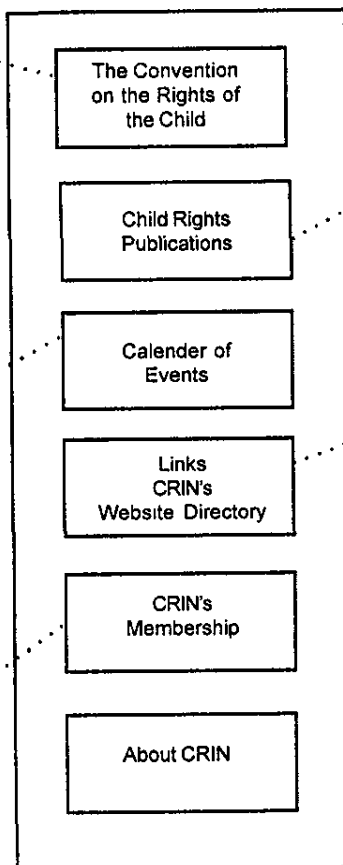

Links to

CRIN's Desk on NGO's and the CRC
The NGO Group's database of alternative reports
The UN and the CRC
A guide to UNHCHR's site and
DCI's kit of international standards on child rights

Details of up and coming conferences, seminars, and meetings covering a wide range of children's rights issues.
The section also includes a submission form for you to send us details of events you are organising

CRIN's membership database

Contact details and information about our member's work the database currently contains over 800 records.

CRIN's database of children's rights publications.

The database has bibliographic information, contact details, abstracts, lists of contents and introductions to selected publications.

CRIN's website directory

Links to over 100 sites on children and children's rights issues. Each link is accompanied by a review of the sites content.

What is CRIN

Electronic versions of CRIN's Newsletters, and our contact details

Child Rights News February 1999

UNICEF's State of the World's Children 1999

This years report tells the story of a world community unwilling to accept the consequences of illiteracy or to be denied the human rights to quality education

Elections to the UN Committee on the Rights of the Child

European council of ministers adopt action plan on the safer use of the internet

France - Woman jailed for 48 circumcisions
(link to BBC Report)

Children's Rights News on the Internet

We regularly scan all the major news sources on the web and the relevant rights sites for news stories on children's rights around the world.

Highlights from the Child labour desk includes recent documents from NGO's on the New ILO convention

Child Rights Issues CRIN's Theme Desks

Documents about National coalitions, the NGO group for the Convention, the NGO reports database and guides for adults and children on the CRC

CRIN's "theme desks" tackle children's rights issues to improve access to important documentation and information on these selected topics. CRIN's membership is helping CRIN's Coordinating Unit to identify what information should be shared and made accessible via this site.

Child Labour

NGO's Implementing Children's Rights

Children and the Media

Information about the 1996 theme day for children and the media, details about relevant publications and links to other sites

This is a new section and is growing rapidly. We have a selection of full text documents produced in response to the 1998 theme day "children living in a world with AIDS/HIV"

The Rights of Children Living with HIV/AIDS

Initiatives Against the Sexual Exploitation of Children

Children in Armed Conflict and Displacement

The Rights of Children with Disabilities

This section includes documents from ECPAT, the focal point on sexual exploitation and others and a list of relevant publications

Highlights from this section includes an archive of news stories on child soldiers and the anti land mines campaign and information about the progress of the new optional protocol

Full text documents relating to the 1997 theme day, links and publications

Each CRIN theme desk is divided into sections

Issues - The full text of relevant documents produced by CRIN members, information on useful publications and a list of links and reviews of resources at other websites.

What's happening? - Here we publish the full text of reports from conferences, workshops and seminars. We also list recent news stories and any campaigns currently being conducted by our members which are relevant to the theme.

Who is doing what? - Details of our members work and projects relating to the theme and information about any special initiatives.

International treaties, guides and codes of practice.

Search for Documents at CRIN's Website

You can search every document, link, publication and membership record on CRIN's website with the complete site search. (click on this box on our home page for the search form)

New Documents at this Site

We make changes to CRIN's website on a weekly basis. New documents are listed on the homepage. You can find new publications on the top of the publications section. Our search engine also gives the option to list information by date.
