IGGRI is grateful to its Core Group member, Victoria Bawtree for producing the first draft of this report from a mountain of notes, scribbles, rapporteur reports and tapes. Additional inputs came from Judith Bizot, Paul Gonsalves, Siddhartha and Smitu Kothari. We are grateful to Bharathy for the illustrations, Petri Kuokka and Hector Hernandez for the photos and David Timothy of Pipal Tree for design and printing. IGGRI is also grateful for the support of the President of Finland and the Finnish Department of Development Cooperation as well as the collaboration of KEPA without whom this event would not have been possible.
